I would like to meet so that we can go through and properly classify all expenses. We cannot use 2016 history for future comparison given the extensive mis-classifications. We can make it quick, say 30 minute, but the easiest way to do this is for you to sit at QB while I correct the classifications for you to input. That will also give us a common foundation for 2017.

Don, in respect to the email I sent you this morning at 9:37 am regarding the incorrect February 2016 report do you still find it necessary to have a meeting between you and I on Friday. I personally don't see the need since I have explained about the incorrect report and sent you the correct one, so I personally don't see the need to look through every check from last year.

Bob
